Master of Arts in Jewish Professional Studies

Cross-Canada, career-boosting educational opportunity for professionals working in the Canadian Jewish community.

Through a JFC-UJA partnership, fellowships are available to cover more than 50% of tuition costs for qualified students.

Spertus Institute's **Master of Arts in Jewish Professional Studies (MAJPS)** is a world-class educational opportunity exclusively for professionals working in the Jewish community and those seeking to transition into careers in the Jewish nonprofit sector.

The MAJPS is offered in small-group cohorts (of between 10-18 students) providing a network of fellow professionals with whom to network, learn, and grow. The curriculum emphasizes small-group collaboration using case studies and team exercises.

Courses are taught by effective and creative faculty who understand the importance of bridging theory and practice. Designed for busy professionals, the MAJPS combines online classes with seminars, mentoring, and a personalized capstone project. Course work has immediate application.

Program Highlights:

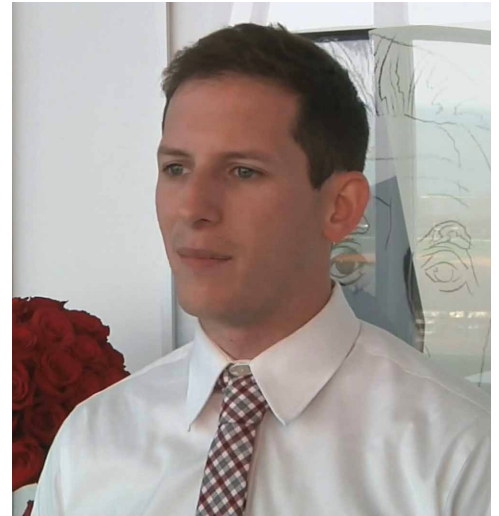

- Non-traditional program geared toward busy, working adults
- Emphasis on learning that is relevant to students' careers
- Distinguished, accessible faculty
- Professional mentoring as a component of the program
- Can be completed in just over two years
- Fellowships cover a significant portion of the tuition

The MAJPS program offers the opportunity to earn an additional certification as part of your integrated coursework (additional fees may apply) in either:

**Jewish Leadership through a partnership between
Spertus Institute and Northwestern University**

or

**Israel Education through a partnership
between Spertus Institute and the iCenter.**

At UChicago Hillel, MAJPS graduate **Josh Gibbs** works with college students just as their adult relationship to Judaism and the Jewish world is taking shape. Visit spertus.edu/MAJPS to view a short video in which Josh explains how the MAJPS program provided him the expertise to take his career to the next level.

**Canadian Cohort scheduled for
January 2018, in partnership with:**
