

## **Printing in Otzar HaHochma**

You are allowed to print 20 pages per day at no extra cost, **from every book** listed in Otzar HaChochma. Once that 20-page limit has been reached, you will still be able to print single pages from the same book.

This permit is shared by all Spertus Institute users, which means that if one user prints 20 pages from a certain book, another user will be blocked from printing an additional 20 pages on that day **from that same book. He will still, however, be able to print single pages, one at a time.**

If you wish to print a larger number of pages, you can purchase a multiple-page printing voucher from the Otzar HaHochma Online Store which is accessed from the  Menu. Enter your email when asked; you will then receive a confirmation code which gives you access to additional printing.
